

SPRING IS COMING SOON...

& IT'S POSY POWER TIME!

LISTEN!!! Your gardens are telling you it is time to order their favorite COMPOST – **ORGANIC POSY POWER!** All gardens love it because it adds vital organic matter to the soil, loosens heavy clay soils, binds sandy soils, increases the soil's water holding capacity, promotes soil aeration, aids in root growth, replenishes lost nutrients, prevents soil erosion, and helps reduce the cost of fertilizing.

THREE INCHES OF POSY POWER
COMPOST HAS THE VALUE
OF 4 FEET OF TOPSOIL!

The New Neighbors Garden Club members and customers of previous years can vouch for the quality of Posy Power. This product has been approved by the U.S. EPA, the Ohio EPA, the Ohio Dept. of Natural Resources, the Ohio Dept. of Agriculture, and the TVA. The Columbus Zoo, Cincinnati Zoo, and many nurseries have used it.

One 0.65 cu. ft. bag of Posy Power
spread 1-inch thick covers
about 9 square feet.

The PREPAID price is \$6.00 per bag.

This is a real bargain, so order today! You might be disappointed if you don't, because the demand for Posy Power is great and supply is limited.
